**Description**

Superglass Acoustic Partition Roll (APR) is a lightweight, non-combustible glass mineral wool insulation roll. The flexible roll is supplied at 1200mm and 2x600mm widths to allow easy installation between common stud/joist spacings and minimum on-site cutting and waste.

**Application**

Superglass Acoustic Partition Roll (APR) is designed to provide thermal and acoustic insulation for the following applications:

- Internal walls and floors
- Separating walls and floors
- Timber and metal stud partitions
- Drylining system

---

**BRE Green Guide Rating**

Acoustic Partition Roll (APR) has a generic BRE Green Guide Rating of A+.

**Fire Performance**

Acoustic Partition Roll (APR) has a fire classification of A1 (the highest possible rating) when tested to BS EN 13501-1 Reaction to Fire.

**Acoustic Insulation**

Acoustic Partition Roll (APR) provides excellent sound absorption performance.

**Recycled Content**

Acoustic Partition Roll (APR) is manufactured from up to 84% recycled glass.

**Easy & Quick To Install**

Friction fits between studs and joists.
