

Calling on all our Trustmark customers

Superglass Loft or Floor insulation is the smart way to help your **Green Homes Grant Scheme** customers save energy

***And you have a chance to win a Smart TV with every roll you buy**

The Green Homes Grant Scheme will help to improve the energy efficiency of over 600,000 homes in England, giving you an opportunity to increase your insulation business as part of the Government's £2b fund.

With homeowners and private landlords being offered up to two thirds of the cost of their energy saving insulation, the installation of retrofit insulation is naturally high on the Scheme's list of targets. Superglass insulation is a cost-efficient method of increasing thermal performance, reinforced by market leading environmental credentials.

From September you will be able to make the most of this new opportunity, with our range of Superglass Loft and Floor insulation.

***Your chance TO WIN a SONY 4K Smart TV**

Get rewarded for buying the best energy saving insulation, with a chance to win the latest Sony Smart TV with every purchase of Superglass Loft or Floor insulation

All you need to do is visit [www.superglass.co.uk/Green homes](http://www.superglass.co.uk/Green_homes) and register your purchase.

Now that's smart!
